- QUANTITIES:** The quantities listed are the estimated annual requirements and should not be construed to represent either maximum or minimum quantities to be ordered during the contract term.

Bidders may submit bids on alternates, but must attach two (2) copies of manufacturer specifications for any alternate at the time of the bid. Further, the bidder must demonstrate that the alternate proposed has a sufficient operating track record to show the equipment will perform per the specified brand. - PRICE CHANGES:** Price changes may be proposed by either party no later than forty-five (45) days prior to contract extension, based upon manufacturer price changes which must be supported with documentation. Should price changes not be acceptable to both parties, the contract will not be extended. Prices may change only at the time of extension.

- DELIVERY:** All deliveries to be F.O.B. Monroe County to agency as specified by a Purchase Order. Delivery costs must be built into the unit prices bid. Deliveries must be made within two (2) days after receipt of purchase order number. The County reserves the right to terminate the contract in the event the specified delivery time is not met.
- PURCHASE ORDER** Delivery of services may be directed by the receipt of a Purchase Order only.

<u>ISSUANCE:</u>	Items that are not part of this bid <u>will not</u> be paid for by Monroe County. As to all purchase orders issued by Monroe County, exceptions may <u>only</u> be authorized, in writing, by the Purchasing Manager or her authorized agent <u>prior to</u> delivery.
<u>BILLING PROCEDURE:</u>	All invoices for items sold any authorized agency as a result of this contract must be billed in the following manner: Purchase Order #, Quantity, Description of Item Purchased, BP#, Item #, Extension and Total. ALL INVOICES MUST BE MARKED WITH THE <u>PURCHASE ORDER NUMBER</u>. INVOICES WITHOUT THIS INFORMATION WILL NOT BE PROCESSED FOR PAYMENT.
<u>WARRANTY/ GUARAGUARANTEE:</u>	All warranties by manufacturer shall apply. Bidder shall, as part of its proposal, furnish its warranty/guarantee for all goods/services to be furnished hereunder. As a minimum, Bidder shall warrant all goods for a period of one year from date of acceptance. Bidder shall be obligated to repair or replace all defects in material or workmanship which are discovered or exist during said period. All labor, parts and transportation shall be at Bidder's expense.
<u>UNCONTEMPLATED PURCHASES:</u>	Monroe County reserves the right to request separate bids for such quantities of items on this contract that may be best procured via separate public bid offering and to otherwise act in furthering its own best interests.
<u>SUBCONTRACT:</u>	The Contractor shall not subcontract any work without first obtaining the written consent of the Monroe County Purchasing Manager.
<u>RELATED ITEMS:</u>	The County reserves the right to add miscellaneous related items to this contract during the contract term upon agreement by both parties as to the price. Approval must be given in writing by the Purchasing Manager or her Designee.

occasioned directly or indirectly by any person, firm or corporation arising out of or resulting from the performance of the services by the Contractor, arising from any act, omission or negligence of the Contractor, its agents and employees or arising from any breach or default by the Contractor under this Agreement. Nothing herein is intended to relieve the County from its own negligence or misfeasance or to assume any such liability for the County by the Contractor.

**EQUAL PAY
CERTIFICATION:**

Prior to the execution of this Agreement, the Contractor shall submit to the County an Equal Pay Certification ("Certification") affirming the Contractor's compliance with the Federal Equal Pay Act, 29 USC § 206 and New York State Labor Law §194, as amended from time to time ("Equal Pay Laws"). As set forth in the Certification, the Contractor's violation of one or more of the Equal Pay Laws or its filing of a false or misleading Certification during the term of this Agreement may constitute grounds for the County in its sole discretion to immediately terminate the Agreement and for determining the Contractor to be not qualified to participate in future Monroe County contracts.

1.04 QUALIFICATIONS OF EQUIPMENT RENTAL COMPANY:

Consideration will be given only to equipment of rental companies who can demonstrate that their product complies with the specifications. The technical information submitted by the bidder must address how the proposed equipment meets these specifications. Consideration will be given only to vendors who can demonstrate that their equipment, background and technical abilities comply with the specifications. The County shall have the sole responsibility for determining from the information submitted by the low bidder if the proposed equipment meets the specifications. Should the apparent low bidder fail to meet the requirements of the specifications as determined by the County's review, the bid shall be rejected and the next low bidder shall be considered. The County may require additional supplementary information during the review process. The bidder's technical specifications must provide sufficient detail to permit an evaluation of the proposed equipment but shall not be considered as satisfying the requirements for the submission of manuals.

1.05 BIDDER REQUIREMENTS:

The bidder shall have the capability of providing equipment for rental after normal business hours in response to the County's emergency needs. **Each bidder must supply with their bid contact names and phone numbers to cover this requirement.**

2.00 TECHNICAL SPECIFICATIONS:

2.01 RENTAL RATES:

It is understood and agreed upon that the rental rates specified on the unit price sheet are based upon defined hours of the County's right to possession of and maximum use of the equipment rented. Hours are defined on the following rental bases as follows:

- a. Daily Basis - Any use up to a total of eight (8) hours. Additional hours will be pro-rated according to eight (8) hour days.

- c. 20-Day Monthly Basis - Any use up to a total of twenty (20) days, eight (8) hours per day. Additional hours will be pro-rated according to twenty (20) days/month.

2.02 RENTAL PERIOD:

The rental period shall begin on the date and time of acceptance of the equipment by the County and shall end at the time and date of the County's verbal notification to the bidder that the equipment is no longer needed. If the bidder chooses to delay picking up the equipment, thereby leaving it on the County's property, an additional day or more beyond the daily, weekly or monthly rental period, they may do so as long as this is mutually agreeable between the two parties. **However, there will be no additional charge for the equipment to the County once the bidder is notified that the equipment is no longer needed.**

3.00 EQUIPMENT:

3.01 CARE:

The bidder shall use reasonable care to see that the equipment is in proper working condition before shipment to the County. It is not to be actually operated or tested unless such operation or test is deemed necessary by the bidder or unless the County shall request such operation or test results in writing. In the event of notice to the bidder by the County that the equipment is not in good, safe and serviceable condition and fit for use upon its arrival, the bidder shall have the obligation to put the equipment in good, safe and serviceable condition within a reasonable length of time. If this cannot be done by the time use of the equipment is required by the County, then the bidder will provide a different but similar piece of equipment to the County for its use.

3.02 MAINTENANCE:

The bidder agrees to maintain the specified equipment in good operating condition throughout the term of the rental agreement and shall perform such maintenance and repair in accordance with the manufacturer's instruction. The bidder further agrees it will perform such maintenance including fuel (if the equipment is operator equipped), lubrication and the installation of replacement parts and components, as the County may deem necessary for the preservation of such equipment. **The County will not be responsible for any rental charges while the equipment is down and not operating due to maintenance by the bidder.**

3.03 RESPONSIBILITY:

The bidder must accept full and complete responsibility for providing equipment that is in excellent operating condition, capable of performing and adequate to perform the tasks identified by the County. The County will not accept responsibility for any equipment or other damage or failure caused by the bidder's failure to provide equipment or operators capable of performing the tasks

specified. Although the County will provide general supervision, the County will not be responsible or liable for operator negligence. In addition, the bidder agrees to defend, hold harmless and indemnify the County from and against any or all claims arising out of the acts or negligence of the bidder, its agents or employees.

3.04 DELIVERY:

All equipment must be delivered to the Monroe County work site (as specified by the ordering agency) within four (4) hours of the verbal request of the County. No additional delivery/travel charges will be allowed. The bidder's personnel are responsible for unloading (from the bidder's vehicle) the equipment upon the County's work site. The bidder is also responsible for reloading the equipment returned by the County. Rental requests must be honored 24 hours/day, 7 days/week.

3.05 OPERATORS:

Prices bid are for equipment without operators (unless otherwise noted on the unit price sheet). Should the County require an operator, the bidder must provide the operator within the delivery time frame specified and must pay applicable New York State prevailing wage rates at a minimum.
